The diagram illustrates the assembly of a front direction indicator light. The main housing (1) is shown with a lens (2) attached to its front. A gasket (6) is positioned between the lens and the housing. A bulb (5) is shown being inserted into the housing. A threaded plate (7) is shown being attached to the side of the housing. A line distributor (9) and a protection cap (10) are shown being attached to the top of the housing. A moulded hose (11) is shown being attached to the bottom of the housing. Various screws (3, 4, 8) are shown being used to secure the assembly.
